

DISCOVER THE HIDDEN GEM THAT IS MANSFIELD
TRAQUAIR – THE BEAUTY AND VERSATILITY OF
“EDINBURGH’S SISTINE CHAPEL” WILL ASTOUND YOU.

Perhaps surprisingly, the restoration of the site has cleverly and subtly incorporated ultra-modern technology and the types of facilities you might expect from a purpose-built modern venue. Uber-technical capability means that your event can feature state-of-the-art lighting and entertainment. Not only can artists traverse the ceiling on billowing silk (it’s actually built to sustain the weight of a car) but you can hold great parties with guest-wowing stunts and room-trembling music. With equal aplomb, however, you can also host smart conferences, fairytale weddings, sophisticated garden parties, and supremely polished award ceremonies and presentations.
